

EESA Industry Seminar & Networking Event 2010

Carbon Emissions: Victorian Government & Businesses Helping To Create A Sustainable Energy Future

EESA would like to invite you to attend the EESA Industry Seminar and Networking Event 2010 to be held on Tuesday 3rd August 2010. This event is held during the Australian Engineering Week 2010 and we have guest speakers presenting what their organisation is doing to help reduce carbon emissions; this may be through application of innovative power generation technologies or business initiatives to drive energy efficiency within their business. The aim of the seminar is to increase interest in the energy sector to all members of the public, so we welcome our EESA members, engineering students, engineers of all disciplines and also the general public to attend. The seminar will then be followed by a networking session, where finger food and drinks will be provided to all attendees.

Date: Tuesday 3rd August 2010
Location: Engineering House Auditorium, 21 Bedford St North Melbourne
Time: 6.30pm – 8:00pm (Registration from 6:00pm)
Costs: Members: \$10.00
Non – members: \$20.00
Non-members rate plus EESA Membership: \$90.00

Guest Speakers: Professor Frank Larkins, Chief Scientist Energy, ETIS
Mr. Patrick Hearps, Technical Director, Beyond Zero Emissions
Mr. Terry Jones, Centre for Distributed Energy and Power Director, CSIRO

Maximum Attendance is 90 people so register now to secure your spot! To register your attendance for this event, please RSVP with your details to Katherine Webber at eesa@materialsaustralia.com.au

This event is proudly sponsored by Citipower and Powercor Australia

This event supports the continued professional development requirements (CPD) - type II for members of Engineers Australia.

Electric Energy Society of Australia (Inc) ABN: 80 810 665 167
